Item 8.01 Other Events

On September 15, 2006, a jury in an inmate wrongful death lawsuit in a Texas state court awarded a \$47.5 million verdict against The GEO Group, Inc. ("GEO"). The lawsuit is being administered under the insurance program established by The Wackenhut Corporation, GEO's former parent company, in which GEO participated until October 2002. Policies secured by GEO under that program provide \$50 million in aggregate annual coverage. As a result, GEO believes it is fully insured for all damages, costs and expenses associated with the lawsuit and has not taken any reserves in connection with the matter.

The lawsuit stems from an inmate death which occurred at GEO's Willacy County State Jail in Raymondville, Texas, in April 2001, when two inmates at the facility attacked another inmate. Separate investigations conducted internally by GEO and by The Texas Rangers and the Texas Office of the Inspector General exonerated GEO and its employees of any culpability with respect to the incident.

GEO believes that the verdict was contrary to law and wholly unsubstantiated by the evidence in the lawsuit. GEO plans to vigorously pursue its post-trial remedies to have the verdict set aside and, if necessary, GEO will pursue all of its rights to appeal and overturn the jury verdict.
